MONMOUTH AND SARATOGA.

TO DAY'S CARD AT LONG BRANCH.

EGMONT TO RUN-THE TWO BIG HANDICAPS. Visitors to Monmouth Park to-day will have the opportunity of seeing the famous Western sprinter Egmont for the first time. Fabulous tales are told about this fellow's speed when he is really himself. If one accepts the assurances of the free-tongued Western sportsmen, Egwont must be the fastest horse the world ever saw at three-quarters of a mile. And yet there are Eastern turfmen who have so much confidence in the provess of Eastern thoroughbreds that they are ready to match an Eastern horse against Egmont at three-quarters of a mile for from \$5,000 to \$10,000 a side. That would indeed make a race worth seeing. However, Egmont has no formidable adversaries in the first race to-day at a mile, and ought to win easily, with Flageoletta second.

A good field will start in the Amboy Handicap for two-year-olds. After his excellent performance on Tuesday, Mr. Haggin's Ransom ough' to win with Mr. Belmont's filly Fides in second place. And yet on a heavy track it is possible that some one of the l'chtweights may cause a big upset and a great

The third race, the handleap at a mile and a quarter, with the liberal sum of \$1,250 added, did not fill, and a purse of \$600, at seven furlongs, for horses that have run and not won at Monmouth Park this year, was substituted. This has brought out a good number of entries. Bradford will have the benefit of Hayward's riding to-day, the absence of which caused him to be beaten off badly on Tuesday, and Bradford should win, while Dunboyne has a fair chance for the place. The fourth race is a little selling affair for two-year olds, of no consequence and with a poor field.

But the fifth race, the Cape May Handleap for three-year-olds, is of great interest and should afford a splendid struggle. The top weight, Badge, is a small horse, and has never shown much liking for heavy weights, hence it would not be amazing if he should be beaten to-day, and yet his speed is so great and his form is so high that even with 120 pounds I prefer his chances to those of any other in the race, although Defence and Tristan are both dangerous, and Mr. Withers's pair of fillies. Inver-week and Cascade, are sure to run well with their light weights. Hadge to win, then, while Defence at the distance man ret second place. But there is no "cinch" in this race. Anything in it might per-hans win.

CRAB THE OUTSINER. Saratoga, A. z. S (Special). - For the first time the backers of favorices had matters pretty much their own way to-day, as four out of the five taces were won by them, title Harnes having the mount on three. There is a craze new to follow this clever light-weight, and if he rode a cow his mount would be backed. There was nothing sensational in the racing, although the fields were large and all the races but the last were started promptly The weather was excessively warm and the hot breeze from the south blew clouds of dust over the course. BOATS SWAMPED IN A REGATTA. THE PASSAICS BEAT THE COLUMBIAS-THE PO-TOMACS DISQUALIFIED.

Washington, Aug. 8.-The annual Potomac River egatta began here to day under the auspices of the Potomac and Columbia Boat Clubs, with an excellen prospect of a good day's racing, but was brought to a sudden termination in the gig race by a terrific thunder and rain storm, which swamped the boats of the two contesting crews and overturned three or four pleasure boats that were out on the river.

The races were one and one-half miles straightaway over the upper course. J. H. S. Watts, of Baltimore, Md., acted as referce. For the first race for sentor four-oared shells, there were three crews, and they got off fairly well, the Columbias in the lead, the Potomacs second, and the Passaics, the amaicur champions of the country, last. All the crews pulled a stroke of forty-two to the minute, and made an excellent race for the first quarter of a mile, the Potomacs and Passaics overhauling the Columbias and passing the flag almost on even terms. At this point the Potomacs crossed over into the Columbias' water and a foul resulted, causing the Potomacs to be disqualified and breaking the Columbias' bow oar. The Passales and Columbias were then started off on even terms, but the Passales, rowing a beautiful stroke of forty to the minute, went to the front, and at the new bridge, almost a mile from the start, were two lengths ahead. They then slackened up while the Columbias made a strong spurt and at the finish were only half a length behind the Passates. Time (to the fouling point 1:55, from there to the finish)—Passate, 6:32; Columbias, 6:34.

The second race was for junior four-oared shells, and proved an easy victory for the Columbias, who, starting off second, quickly overhauled the Ariels, of Balti-more, and then increased their lead, winning by four lengths ahead of the Ariels, the Potomacs, the third crew, being hopelessly in the rear. Time-Columbia,

Artel, 9:15 The third race, for four-oared gigs, was started in a severe storm. The contestants were the Columbias and Potomaes, of this city. The Potomaes quickly secured the lead, and soon had a length of clear water between them and the Columbias. The storm, however, increased in violence, and both crews shipped water badly. Within a quarter of a mile of the finish the wind was blowing a gale and a heavy rain was falling. The Potomaes' boat was swamped, and a moment later the Columbias, who were near the Virginia shore, went under, while several pleasure boats were overturned. Amid great excitement tugs put off to the aid of those in the water, and finally all hands were rescued and carried safely to shore. Robinson, of the Potomaes, could not swim, and fears were enertained that he would drown, but he and a companion pinckily clung to the uprurned gig until a boat put off from shore and rescued them. So far as can be learned, all the others that were capsized were saved. The other races were then postponed until to-morrow. were storm. The contestants were the Columbias

ROBERT GARRETT SOMEWHAT BETTER. HE RECEIVES A FEW CALLERS AND ATTENDS TO SOME BUSINESS.

There was a decided change for the better yesterday in the condition of Robert Garrett. In the morning he wrote several letters and attended to matters of business. He also received many callers. Austin Corbin personally offered the use of his private suite of rooms at the Oriental Hotel, or the use of his cottage near Babylon, L. I. E. A. Slote, of Middleown, also offered Mr. Carrett the free use of his cottage in Monmouth County, New-Jersey. The other callers included Henry Clews, H. Rieman Buval, president of the Florida Navigation Company, and a per sonal friend of Mr. Garrett's; John Pondir, general coupsel for the Eric Railroad Company, and Charles

E. A. Crane, Mr. Garrett's private secretary, said: "It has been stated that the waters of Richfield Springs did Mr. Garrett serious injury. Such is not the fact. Everything was as comfortable as could be and Mr. Earl, the proprietor of the new American House, placed at the disposal of Mr. Garrett the best rooms in the house. In regard to Mr. Garrett's condition, he is merely suffering from nervousness in consequence of overexertion and injudicious bathing at Richfield Springs. The resident physician prescribed warm baths, and Mr. Garrett took a cold plunge bath In other respects the visit to Richfield Springs was beneficial. The story about Mr. Garrett's alleged insanity is much exaggerated. The fact that he received iness proves that all he needs is rest and quiet. and as soon as a cottage has been selected, the ser vants, horses and household effects will be removed from Mr. Gariett's house at Uplands, Baltimore."

Dr. Partridge, the Brevoort House physician, said that there was no name that would describe Mr. Garrett's compinint. It was not nervous prestration because Mr. Garret was not physically prestrated: It was needly nervousness resulting from overexertion. All that was needed was relief from business care and rest and quiet for the brain.

PASSENGERS DELAYED BY A WRECKED TRAIN. As a heavy-loaded freight train for Dover Plains drew into Melrose station, on the Harlem Division of the New-York Central and Hudson River Raffroad, about 11 o'clock yesterday morning, the forward axle of a grain car in the middle of the train broke in two and threw the car from the track. The train happoned to be crossing a switch just then, and the whole eight cars were derailed in zigzag fashion across the roadway. Fortunately no one was hurt, though all but two of the cars were damaged beyond repair, and the one that caused the accident was rolled over the embankment a little further on. The most serious feature of the accident was the delay of over two hours to a large number of passenger trains running both in and out of New-York.

Roadmaster Taylor and two wrecking crews worked until after 1 o'clock clearing away the wreckage, their pow in splendid form, and with the moderate weight which the conditions allow him, he should win. Prose may get the place.

WESTCHESTER COUNTY. There was a fair attendance at the Sing Sing Camp meeting yesterday. Although the threatening weather kept many away, both the afternoon and evening services were well attended. In the morning there was preaching by the Rev. Thomas Harrison and an address by Stephen Merritt. The afternoon service was conducted by the Rev. J. M. Buergr, who preached a sermon.

ALONG THE SOUND. A three-months-old child of Richard Procee, of Norwalk, died yesterday from the effects of a light-ning bolt which fell in the room where it was sleeping during the shower on Saturday night.

A VICTORY WON BY QUINN'S ENEMIES.

THE FORMER LEADER RETIRES GRACEFULLY-D. A. 2412 IN PYTHAGORAS HALL. For the Board of Trustees of District Assembly No. 49, and the anti-Quinnites, yesterday was a day

of victory, the long wrangle for full possession of Pythagoras Hall having ended in the dispossession of Master Workman James E. Quinn of his comfortable office on the ground floor of that home of discord. Quinn was responsible to the Board of Trustees, who control the property of District Assembly No. 49, for the rent of the building, but since the Board has withheld his salary he has refused to pay the rent,

which now amounts to \$375. Twenty days ago, the

Board, which is opposed to Quinn, brought a suit of

ejectment against him in the First District Civil Court,

to which the Master Workman returned no answer, depending on General Master Workman T V. Powderly and the General Executive Board in Philadelphia to uphold his authority. Yesterday, Quinn's days of grace having expired. papers of ejectment were served on William H. Mc-Nair and two other Quinnites who were in the office, Quinn being absent at the time. McNair and his friends at once left the office and communicated with their chief, who acted unconcernedly, saying that his enemies' victory will be short-lived, as he still re-poses confidence in Mr. Powderly and the General Executive Board, believing that they will decide in his favor and remove the Board of Trustees. Quinn has made his headquarters at No. 98 Forsyth-st.

When "D. A. 24 1-27 took possession of Quinn's old office a crowbar, some jimmles and other tools were found in a closet. The anti-Quinnites are jubilant over their "great victory" and declare their intention of "holding the fort," now that they have possession of

HOUSE SURGEON ELIOT FINED 5

Lake George, Aug. 8 (Special).-Dr. Ellsworth Ellot, jr., house surgeon of the New-York Hospital, was convicted to-day before Justice Clifton at Hague, Warren County, of violating the game laws of the State in catching and keeping brook trout under six inches in length from the streams that run through that town on May 23 last. The conviction was on a plea of guilty and the magistrate fined him the sum of \$55, which the doctor paid and immediately the sum of \$55, which the doctor paid and immediately left the town and county, expressing his determination to obey the laws of the land if he should ever pass another vacation period on the shores of Lake George. The doctor was arrested January 27 last in New York City by Game Constable Burnett, of Warren County. His lawyer then attempted to procure his release upon a writ of habeas corpus issued by Judge Barrett, of the Supreme Court, but this was denied.

A dispatch from Asbury Park is headed "The Bathing Suit Must Go." Now, this is shocking. There is so very little of it that it ought to be allowed to remain. It is better than nothing. If the bathing suit goes, newspaper men and other modest persons will also go.—(Norristown Herald.

THE RECORD OF THE

CHAMPION

SAFES UNBROKEN.

NINE IN THE GREAT FIRE AT SUFFOLK, VA.

No. 1.

During the great fire in Suffolk on Aug. 1st. I was using one of your Herring's Champion Safes in the second story of Jones's brick block. The building as well as surrounding ones was complexely destroyed. My safe was subjected to intense heat, being covered by a large pile of brick for over 36 hours. When opened the contents were all perfect; not a paper was burned. I cannot too strongly recommend the safe that saved them. for over 86 hours, rfeet; not a paper was burned. I cannot rfeet; not a paper was burned. I cannot smend the safe that savel them.

(Signed) R. H. RAWLES

No. 2.

I had one of your Herring's Champion Safes in my saoon, preserving all its contents, including valuable papers,
o my entire satisfaction. Not a scrap of paper was
corched or injured. (Signed) J. J. CATOGNI.

No. 3.

No. 4.

I have just opened your Herring's Champion Safe after being in the burning debris for three days. The diat of the lock, handle and hinges were melted. I took my books and papers out of the safe before the fire, but the inside of the safe was in good condition and undoubtedly would have preserved them if they had been left in the safe.

(Signed) A. S. ELEY.

No. 5.

We had your No. 7 Herring's Champion Safe in our new two-story brick block, which was, without exception, the hottest part of the fire. Safe failing with the building where the debris burned flerely for three days before we could get into the ruins. Although all projections were melted off, were surprised to find all its contents parfectly preserved. (Signed) M. JONES & SON.

No. 6.

We had one of your Herring's Champion Safes, which was in the centre and hottest part of the fire, and although the lock handle and hinges were melted off, the entire contents, consisting of all our books, securities and money, including a \$1,000 check, were perfectly preserved.

(Signed) DAUGHTREY & HINES.

No. 7.

I have one of your Herring's Champion Safes that passed through the late fire, falling from the second story into the burning debris, where it has laid for two days. Upon opening the safe the contents, consisting of papers, etc., were preserved to my entire satisfaction.

(Signed) E. G. HOLLAND.

No. 8.

I had one of your large folding-door Herring's Champion Safes in the late fire which preserved its entire contents. All the lock dials, handles and hinge tips were entirely metted off. (Signed) S. R. DUNN.

No. 9.

My office was consumed in the late conflagration of the lat inst., and the only property I saved was the contents of your Herring's Champion Safe, which has just been opened, and its entire contents, consisting of books, notes,

And Still Another.

Hoboken, N. J., Aug. 6, 1888,—On the night of Aug. 4th, during the severe storm which passed over our city, my building was struck by lightning. The building was head by me as a moulding and plantag mill, and was heavily stocked with timber. The entire building, with contents, was destroyed, and in it was one of your Herring's Patent Champion Safes, which I am pleased to state the contents are feetly and to my entire sails. erved its contents perfectly and to my entire satis-on. Tariff of 1883 .- A document showing exectly what articles are protected, and what ones are not, 20 pages (each page 8 by 10 inches), clearly printed. An elaborate statement of the present duties on every article of imported goods, together with an exhibit of the free list in full; the quantity of each article imported in 1883 and 1887; and the total amount of duty collected on each article. There is a brief introduction reciting all the tariff acts ever passed by Congress, the object and result of each one being explained. Also, a table of the total imports, rear by year, from 1701 to 1807. This little pamphlet is accurate, was prepared with great labor and expense, and will be required, continually, for reference, during the year. It shows how America flings her millions all over the world for foreign labor and products, even under the present tariff, and how importations were increased by the reductions of 1881.

No. 98. "Protection for Farmers."-Without qualification, the best document for farmers to read in print. Published in coarse type, making eight pages of The Weekly Tribune. This document contains the "Address to Farmers" issued by the special committee of nine representatives of Agriculture which met in New-York City last January to give public utterance to the demand of several hundred thousand farmers for protection to American agri-culture. Also the special reports submitted by each member of the committee. These papers are as elaborate practical explanation, by farmers, for the benefit of farmers, in favor of a protective tariff, and an appeal for cohesive and united action. One of the most useful and interesting publications of the present year. Price, single copy, 3 cents; 100
